

Sani Cid J-Flex

Acidic washroom cleaner

Description

Sani Cid J-Flex is a highly concentrated citric acid-based daily washroom cleaner for hard water areas.

Key properties

- Mildly acidic, based on citric acid
- Fresh fragrance
- Suitable for all acid resistant washroom surfaces including Chrome and Stainless Steel

Benefits

- Ideal for use in hard water areas and on all acid resistant surfaces
- Effective cleaning and limescale control
- Leaves a pleasant fragrance
- Convenient and controlled dosing through the J-Flex system

Use instructions

The J-Flex dosing system does give controlled dosing both for triggers and for bucket filling.

Spray Cleaning:

1. Rotate selector to BOTTLE and fill the spray bottle
2. Spray the solution directly onto surface or onto a damp cloth and wipe. Rinse or replace the cloth regularly. Use a sponge pad to remove stubborn soil.

Bucket Cleaning:

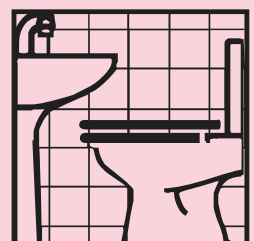

1. Rotate selector to BUCKET and fill bucket
2. Apply the solution with a cloth/sponge or mop and remove the soiled solution.
3. For heavy soiling allow a 5 minute contact time before agitating with a brush by hand or machine remove soil solution and rinse

Packaging	Dosages		Amount of RTU solution (litres) per pack	Amount of 750 ml trigger bottles	Amount of 5 litre buckets
1.5 litre	Bucket	1:250	375		
	Trigger	1:50	75	100	75
5.0 litre	Bucket	1:250	1250		250
	Trigger	1:50	250	333	

Important:

Do not use on acid-sensitive surfaces, e.g. marble, terrazzo, travertine and other calcareous surfaces. Test material compatibility in a small, inconspicuous place before use.
